About Me

Enthusiastic software developer with over 2 years of hands-on experience in developing and implementing Intelligence applications across diverse domains, including Manufacturing, Issue, Change, and Project. Eager to contribute my technical expertise and dedication to smart work in a dynamic and challenging environment. Seeking an opportunity to showcase my skills and drive the growth of your esteemed organization while furthering my professional development.

Experience

Software Engineering Specialist | Dassault Systemes – Pune 09/2021 – Present

Developed Manufacturing Process Intelligence, optimizing efficiency for JLR. Enhanced web service requests, achieving a 20% improvement in response time through customized Java processors. Updated UI component to interact with other widgets in 3DDashboard using jsp & js and reduced loading time from exponential to constant. Innovatively created a zoomable line graph widget using vis.js & Highcharts. Validated development through Test automation (Selenium, Cucumber & Python). Demonstrated leadership by mentoring and providing Knowledge Transfers.

Education

The Oxford College of Engineering, Bangalore 2017 – 2021
Bachelor of Engineering, Electronics and Communication with 8.6 CGPA

Sri Siddaganga Independent PU College, Davanagere 2015 – 2017
Pre-University, (PCMB) with 86%
